Busmess Notices.

IMPORTANT FACTS.

Constant writing for six months is done cheaver with Gold Pens than with Steel Pens; therefore, it is economy to use Gold Pens.

The Gold Fea remains unchanged by years of continued use, while the Steel Pen is ever changing by correction and wear; therefore, perfect authorality of writing is obtained only

by the use of the Gold Pen.
The Gold Pen is always ready and reliable, while the Steel Gold is capable of receiving any degree of electicity, so that the Gold Pen is exactly adapted to the hand of the writer; therefore, the nerves of the hend and arm are not injured, as h known to be the case by the use of Steel Pens.
